Being a museum curator is such a fun job. I learn a lot, I give tours all day, and working a remote site means I have plenty of time to myself. Most people who get tours aren't allowed behind the stanchions, but I've pleased myself in most of the showrooms. Today I think I'll use the throne room for my afterhours playtime.

a long hard drive

It was because of her amazing body that I stopped. It was because of that incredible body that I wanted to fucked her.

I was driving from Dallas to Chicago. I planned my trip along I-35, then to I-44 in Tulsa, and then I-55 in St. Louis, and then into Chicago. I figure three days. I came across her just outside Plano. She was sitting on a travel trunk outside a quickie-mart, showing a lot of leg. Great thighs, great-ass, nice abs. I just had to look.

She was in daisy dukes and leather boots. She had on a white T-shirt and she was busty. When I parked the pick up out front. I went in, got some cold drinks, walked back out and pushed my shades up. She was an auburn-haired beauty with the body of a twenty-year-old.

"Car died on you?" I asked, and looked at the dust covered two-door which had seen better days. About twenty years ago, I'd say.

"It gave a shudder and said so long," she said, "where are you headed?"

"Chicago," I told her.

"Me too," she said.

"I'm in no hurry," I told her. "I'll be stopping a couple nights."

She smiled and suddenly she look prettier and younger. "Me, too," she said.

"You wanna ride?" I asked. "Let me throw the case in the back."

She stood up. "Don't have much money. But there's other ways I can pay you, right?"

I nodded. "Sure, as long as you're offering what I'm thinking."

"I think so." She said, and as we put Texas behind us, she told me her name was Amber, she was 22, and was headed home to Chitown.

I told her my name was Vic, It's not. And that I was 25, I'm not. And played baseball for a living, I don't. As we drove, the sun was going down way off to the left behind my shoulders. I pulled into a motel and decided to put her offer of payment to the test.

We checked into the room, found it really cold thanks to the air-conditioner blasting, and I sat down on the bed. She sat on my lap and we got started almost immediately. First thing I did, while she started to eat my mouth all hungry like, was to check out her boobs. They were pretty firm and were very nicely shaped.

I got her T-shirt off, found her bra, a wispy little see-through item, and her nipples were thrusting into the flimsy material. I didn't remove it immediately, merely pulled my mouth from hers and went to her left breast and sucked on the hard nipple. She moaned, like she was enjoying it, so I slid her shorts down her thighs and off the boots. She was wearing another little see-through number, thongs style.

I caught a wonderful wiff of her musky scent, and then I started to lick at her see-through panty I could see her labia, flattened against the material. She was a shaver, not a trace of pubic hair. I liked that. She tasted great and I didn't mind that either, but I want closer contact, so I dragged the thong off and went to work on her slippery flesh. She began moaning even more now, and soon I was slurping down a streaming flow of sex juice from her pussy.

I pushed my jeans down and slipped my erection free of my pants. Then I moved up on top of

her and pushed the tip of my eight-inch cock against her pussy lips. She shifted slightly, and then I was pounding into her.

The moaning didn't stop, and I wondered when she last had a dick in her, but soon all such questions vanished as I realized she'd gotten me in that age old pussy trap and I couldn't hold back, so I pumped a load of juice into her. Then we both stripped and went into the shower and washed off the dirt and grime from a days driving.

Next door to the motel was a Tex-Mex joint, where we devoured two big bowls of chili, one bowl each, and washed it down with some beer, and then it was back to the motel.

Amber was all hot for an encore, and we stripped quickly and got down to work. I lay on my back, she lay on top of me, and pushed her slick pussy into my face and let me lick it from ass hole to clit while she gobbled away on my stiffy. Now I won't lie to you, she sucked okay, but fucking was her forte, so soon I rolled her onto her back, licked her tits for a bit, then slid my cock into her pussy.

But this was the real thing. As a cock sucker, like I said, she was okay, but as a fuck she was great. She was one of them who liked to pull up their feet and stick the heels up on your butt. That gets me, it sorta gives you a nice deep fuck. Only I can't last long when the woman's doing that. Still that's their fucking problem, not mine.

It took us three leisurely days driving across the country. When I

dropped her off outside her mom's south-side home, I'd already arranged to see her the next evening.

We're still fucking, and it's all good. It's great what you can pick up around Plano way.

hard-n-horny

I went to a party at my resort condo's rec room last weekend. When I got there, the party was at full capacity. Every hallway and corner was packed with drunken partiers. There were so many hot eighteen and nineteen year old chicks wearing micro skirts and low-cut tops, that were just begging to be fucked.

I had a few too many beers and ended up making a fool of myself on the dance floor. With

my liquid courage, I got in the middle of a group of girls dancing and was busting out all of my best moves. In reality, I probably looked like a jackass, but the girls seemed to find it funny. Eventually most of the girls left the dance floor, but one chick stayed behind to dance with me. A hot blonde with long legs, just barely covered by her miniskirt.

How lucky was I. I took her to the back of the room and continued to grind with her. I was getting so hard and horny, I couldn't take my hands off of her. I was grabbing her titties and kissing the sides of her neck. She was loving it. She grabbed my dick and was squeezing it through my jeans, telling me that it felt nice.

The next thing she did surprised me. She unzipped my jeans and pulled out my cock right out. I didn't care. I just kept grinding my cock against her panties, which were soaked. Then she whispered to me "you wanna dip?". I wasn't really sure what that was, but she bent over in front of me, giving me a full view of her ass and she pulled her panties aside, revealing her perfectly shaved pink pussy. I got the idea.

I got behind her and positioned my dick so that just the tip was parting her pussy. She backed up a little bit, sliding more of me inside her. Her pussy was so wet and hot, I just wanted to get in all the way. So I pushed up against her, hoping to get my whole dick inside. She quickly

She lowered a hand and rubbed her clit, using the other to rove all over her tits. She came seconds before her partner pulled out...

pulled away and told me not to do that. I didn't know there were rules to what we were doing.

She gave me another chance and we started grinding again. Again, I had the tip of my dick inside her pussy and this time I let her decide how deep it went. She'd back it up so that I was only halfway in and she gave me a few good pumps to the beat of the music, and then pull away again. I was getting so horny, I thought my dick was going to explode. She kept doing this over and over again, but each time, she was getting a little deeper, until finally I was all the way inside her.

But she kept pulling away after a few strokes, which was frustrating the hell out of me. Finally after like ten times, I held onto her hips and wouldn't let her pull away. I thrust into her and started fucking her nice and deep. She resisted at first, but then she gave in and started fucking me back. I don't remember how long we were fucking for, but I don't imagine I lasted very long. I was so worked up from all of her teasing that after pumping her for a few minutes, I unloaded inside her.

After that, I quickly put my dick back in my pants. She turned around and give me a kiss on the lips and said "thanks" and walked away. That was the last I ever saw of her. But boy was I glad I decided to go to the party!

no pain?

I am breaking down to write to you because it's about a topic I don't feel I can openly discuss with anyone else. I have always been this adventurous woman when it came to sex and almost anything else, but anal sex scared me and seemed somewhat forbidden. I knew so many people who had done it before, but for some reason I remained an anal virgin until I met the right person to trust, then I knew I had to try it.

My boyfriend and I were out one evening having a few drinks and he told me he had a surprise for me. He took me by the hand and walked me to this beautiful old lighthouse. We climbed in through an open window and

climbed up to the top. The view was beautiful as we stood leaning against the rail. His hands reached around me from behind and started to massage my boobs so I started grinding my ass against him and he began to moan. (Actually, it was more of a growl.) It was at this point that he whispered in my ear, "Do you want to experience the thrill of something new?"

He leaned me forward over the rail. All I could see was the ocean below us as he raised the skirt of my dress and ripped off my panties. He was so hungry for this. He had waited so long. I felt his fingers go deep into my wet cunt and then he took his fingers out and started to massage my asshole. It was so hot! I tensed at first because I was scared, but then I felt his fingers slide right in. "Oh God!" I screamed. It was the most intense feeling ever. He was sliding his fingers in and out of my ass so deep. He pulled the fingers out and I felt his cock head press against me.

Now, he grabbed my hips and plunged deep into me. I screamed like I never have before as he pumped me against the railing. His cock felt huge! There was no pain only pleasure as he fucked my ass. He pumped me so hard until I felt him start to tense and I told him I wanted him to fill my ass with his cum. Just hearing me say that made him rip his load deep into my ass

I got behind her and positioned my dick so that just the tip was parting her pussy. She backed up a little bit, sliding more of me inside her.

and I came with him. It was more intense than anything I have ever experienced.

We are still together and anal sex is one of the most erotic things we do because we always remember the first time.

our advice

A lot of people write to magazines looking for advice on how to run their lives. I'm not really looking for advice or anything but wanted to share a situation with you that may help your readers, especially the married or living-with-someone couples.

My wife and I had good, sometimes great, sex over the years, but as time went on, she had more problems climaxing with me inside her. We did, and still do, enjoy a good sex life, but it is mostly oral and manual. When I'm inside her she just can't cum through straight sex, so we've had to adjust.

We're aware of the obvious; her sex drive is diminished, her vagina is less sensitive, I may not excite her as much, her estrogen levels are down. All that stuff makes sense but doesn't necessarily define or solve the problem. So we've decided to get a bit more creative with our love-making and it has really helped.

What we've done is be more inventive in our sexual positions and techniques. The hardest part (pardon the pun) has been to find, or make the time to stick

with it and not fall back into routine sex. Now, I admit that what may be inventive to us could be normal or common with you. Obviously, we only have ourselves, and some porn on the internet, to reference what we do.

We tried many positions (all in one long night and that was great!!!) and found that the ones that gave me access to her clit worked out to be the best for us. And that includes the basic missionary position.

Here's why...

We found that she achieved orgasm with me inside her with clitoral stimulation. We found that if we did it without involving her clit, she just couldn't cum. So we "discovered" positions where her clit was a more integral part of intercourse. That is, instead of

just pumping my cock into her, I would grind my pelvic bone into her clit and she would grind back. That seemed to work every time as well as getting us both worked up quite a bit from all the grinding. And all the moaning and groaning noises are hot.

At other times I would slowly slip my hand down there and rub her clit while fucking. It's usually pretty engorged and easy to find. It's also pretty slick from all the wetness and rubbing it is easy for me to do and a huge turn on for her.

Changing positions also helped. She would ride me cow-girl-style, and I'd finger her clit and she could cum. Then we brought toys into the act and either she or I would use a vibe on her clit and found that it worked.

We also tried vibes and dildos inside her pussy. At first she was reluctant, but one night, after a nice dinner out and a few glasses of wine, we were in bed and she actually suggested we do that.

It also helped when we had oral sex, especially when I went down on her, and she'd warn me she was about to cum and then she'd quickly put me inside her and finish her orgasm that way.

So if any of this sounds familiar to you and your sex life, I hope this helps. It's not proven to work for anyone except us. Even if you don't have this problem, stimulating your woman's clit during intercourse will really send her over the edge. And the best part of it all was trying all the different sex positions – all night long.

We tried many positions and found that the ones that gave me access to her clit worked out the best for us. And that includes the basic missionary position.

Erin Stone

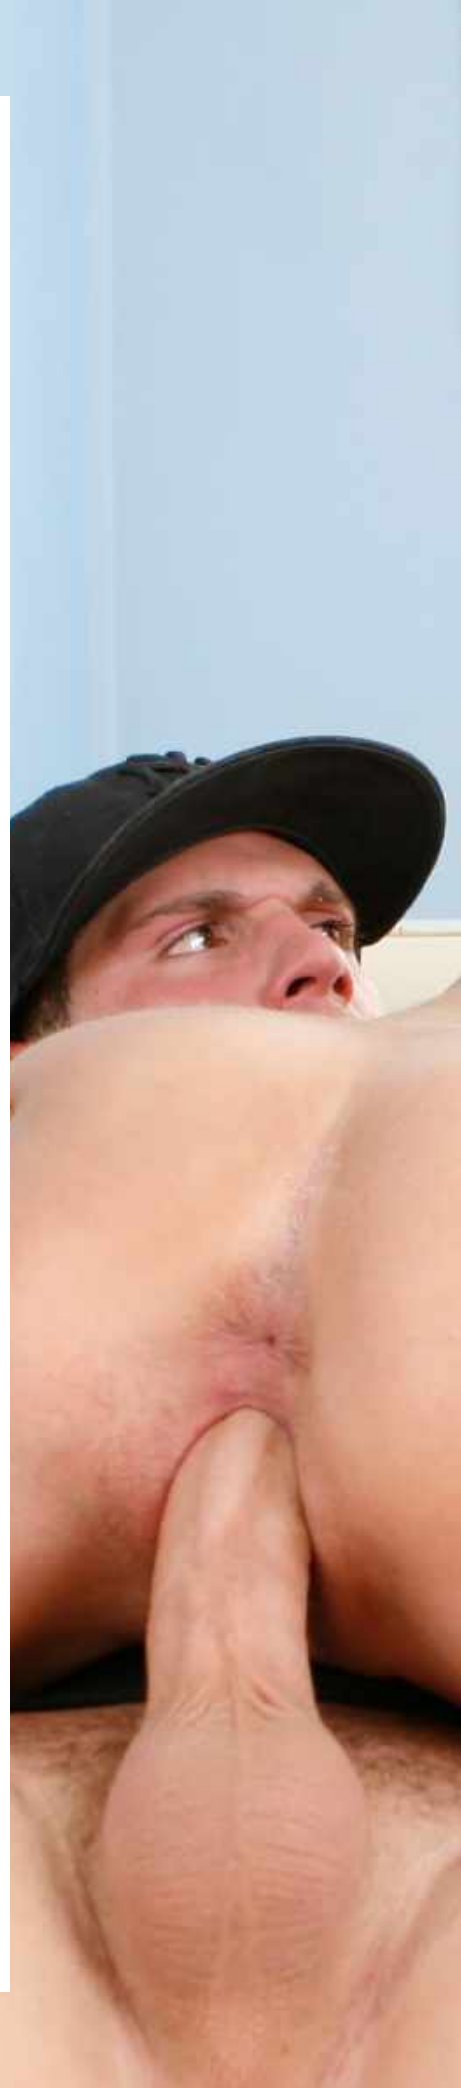

Erin knows that when her days at the university are over, and her studies are done, the day is hers. A smart girl, she knows exactly what to do with that time. She calls a friend over, and before he's kicked off his shoes an intense necking begins. Preferring to cum quickly rather than comfortably they resort to fucking on the couch.

Jill Kassidy

I am headed to the make-up chair since the director yelled out "Ten minutes." When I'm ready I head out to the big overstuffed sofa. "Action!" I love hearing that. Soon, I'm naked and touching myself, and it feels so good. The still photographer is asking me to bend over and I do giving him a great shot of my firm ass. But I can't wait for Alex. I hope he's as horny as I am.

GIRL NEXT DOOR

ASHLEY

Ashley Anne was just eighteen when she did her first nude shoot. Her school-girl looks, academic prowess, and healthy sexual libido bundled with a killer body made her a busy girl for a while. She's got all natural boobs, with an all natural smile, a bit of a bubble butt, and a tall frame that can really take a pounding. During a break in this shoot, she told us that she once fucked doggy-style for an hour!

ANTONETTE

Her clothes are cute, her hair is perfect and her smile infectious. The entire crew watched as Antonette glided over to her position by the sofa. We watched as she ran her hand along the edge of it and could hardly wait for her to sit on it and show us what she can do. The camera shutter starts to whiz and the lights pop. She moves sensually in between clicks and the photographer is telling her how great she looks and give small directions as to what to do with her hands, how far down to pull her panties. Then the real fun begins as her man join in and they begin to suck and fuck. BTW, this was her first and only anal on camera.

BEVERLY

You'll have to look hard to find many movies or photo shoots with Ms Beverly Hills. But when you do your in for quite a treat. She's a hot blooded babe that proves you don't have to have huge boobs or a big phat ass to make that hard cock gush it's load. Her natural beauty and extreme sexual passion make her a girl you'd love to take home. And she won't disappoint. She's an expert cocksucker with sublime deep-throating skills, and a smooth shaven pussy that begs to be licked and fucked.

Blood Suckers Bang

I stood there at the gate, just another face in the crowd, holding my crudely rendered sign. The hotshot writer had flown into town to promote her new horror novel. The bookstore had been planning the event for months—a reading, followed by a Q-and-A session, then a signing.

My name had been drawn from a coffee mug, appointing me the lucky one tasked with scooping up the scribe from the airport. The other booksellers had been thoroughly disappointed, some of them downright crushed, when my name was plucked.

Ricki Elam's face lit up as she acknowledged me; I had recognized her first, waving my sign as she disembarked with the other passengers.

She was quite the looker.

It was easy to see why my male coworkers had been so crestfallen when my name was announced. They were jealous, especially the single ones; this jealousy was even more pronounced for the wannabe writers of the bunch. The intimate environ of a car would be the perfect place to pick the writer's brain; they knew this, knew they were missing out on a golden opportunity; the chance of a lifetime, really.

"You don't even write, Al," one of my coworkers had told me. "Why the hell should you be the one to pick her up? Shit, you don't care one way or the other."

This wasn't true, of course.

I am a writer, a closeted writer.

And this wasn't my only secret. Call it my condition, my malady, my cross to bear, call it whatever you wish. "It" will suffice for now. And "it" required me to lead a double life.

I unburdened the writer of her carryon bag. "How was your flight?"

"Terrible," she said.

"I'm sorry to hear that."

"Do you drink?"

The forwardness of her question caught me off guard. It took me a few seconds to regain my composure. "I've been known to imbibe."

"Good," she said. "I'm dying for a double."

We headed straight for the bar.

Ricki Elam wasn't what one would call a critical success. She would never win any awards. But her sales were sky high. She was popular. I had no doubt that a large crowd of excited fans had already formed at the

I watched the sway of her hips as she walked across the busy concourse, the sway of her shapely ass holding my attention.

bookstore, eagerly awaiting the arrival of their favorite author. A circus, I mused, nursing my, my now getting warmer, beer.

She made short work of her third gin and tonic. At this rate she wouldn't be able to stand at the podium and read, much less maintain a steady hand for the signing.

Then again, what the hell did I know?

Her tolerance for the sauce was probably higher than her sales figures. And I could hardly be judgmental. In my own unique way, I was chemically dependent, too.

She peered at her smart phone. "We're ahead of schedule. That's a good thing. I hate to rush. It's one of my pet peeves."

"Same here," I muttered.

She excused herself to go the ladies room. I watched the sway of her hips as she walked across the busy concourse, the sway of her shapely ass holding my attention.

The monkey on my back began its insane chatter.

Soon, I thought. Very soon . . .

I stowed her carryon, as well as the single suitcase she had claimed at the carousel, in my trunk. Sliding behind the wheel, I regarded my passenger as she secured her seatbelt. "Let's get this show on the road," I said.

I drove to her hotel, waiting in my car while she checked in at the desk, and took her bags to her room. Twenty minutes later found us en route to the bookstore. I took the predetermined route, veering down an out of the way side street before wheeling to the curb. Slamming my car in park, I peered at her with sinister intent, waiting for my glowing orbs to work their hypnotic magic.

When I was done with her, she might very well be too tired to read. But she wouldn't remember a thing; blaming her lethargy, I reasoned, on jet lag, perhaps the early stages of a flu virus. Not that I cared.

In a matter of seconds, her will would bend to mine, and she would offer her exquisite neck. My fangs had already started to protrude. I could see her pulse, smell the intoxicating life force pumping beneath the surface of her pale skin.

"Give me a break, Count Book Slinger!"

Ricki pushed me away. I slammed against the driver's side door, utterly stunned by this sudden turn of events. None of my victims had ever been capable of resistance, not after peering into my eyes.

Had my powers weakened since my last feeding? It was in the middle of the day, sure, but plenty overcast. I had lucked up in that regard; had the sun been shining I would have been far too weak to even attempt to feed. What in the hell is going on? I wondered.

"Don't look so stunned. It happens; especially when you try to snack on one of your own kind."

It took a moment for her words to sink in.

. . . one of your own kind . . .

"You don't mean . . ."

"Yes," she said, "I'm a vampire, too. And a horny one at that."

Ricki Elam regarded me hungrily, licking her moist lips as she placed her hand on my thigh. "Blood isn't the only thing I like to suck."

"Good to know," I told her, having forgotten all about my thwarted feeding. There would be plenty of time for that later. The city was filled with potential victims, tender necks just waiting to be punctured by my fangs.

"And writing isn't my only talent." She moved her hand to my bulging crotch.

"Talk is cheap," I replied.

She responded by freeing my cock. "Nice and big. I can't wait to have it in my mouth."

She engulfed me, taking every inch. I sighed contentedly, settling into my seat as her lips skimmed up

BLAIR-NTS-00

and down my shaft. Ricki Elam sucked a mean cock, damned mean. Her head moved rhythmically in my lap as she gobbled me with slutty vigor. She slurped and moaned, upping her pace as she did so.

Surfacing for a breather, she wiped her glistening lips with the back of her hand. Straight raven hair, parted in the middle, framed her pale visage.

In retrospect, I should have suspected that she was a vampire. She certainly looked like one. Still, I had always deemed her appearance nothing more than a media ploy, the result of a savvy literary agent instructing her to “look the part” of the horror writer.

No wonder her novels—especially the ones featuring vampires—were so authentic. Ricki Elam lived the life. And though I was hardly a successful writer, I lived the life, too. It was a constant craving, an eternal quest for sustenance. It was lonely, being an undead blood-sucker, awfully lonely.

I was ready to fuck her. And she wanted it, too; this was evident when she reached for the lever, pushing her seat back all the way. She lay there, lifting the hem of her skirt, gifting me a nice view her creamy thighs and black lace panties.

It was a tight squeeze—my car being a Japanese compact and all—but we made it work. I climbed over the center console, and lay atop her, smothering her mouth with mine while sliding my hand beneath her panties.

Her pussy was soft, wet, hot . . .

I rubbed her clit, making her writhe with delight. Then I plunged two fingers inside her, working them in and out of her hole. She was ready, more than ready. I pushed her legs apart—

“Wait,” she said.

“What’s wrong?”

“We need more room.”

“This’ll have to do—”

“No,” she cut me off.

I had no idea what she had in mind.

At least not until the smoke enveloped her, a swirling mass of impenetrable smoke signaling her transformation. The opaque vapors filled my car as I felt her body become insubstantial beneath me. I heard the flapping of leathery wings a split second before the bat emerged from the cloudy mix, screeching loudly as it fled through the open passenger window.

I changed promptly, adding more smoke to the cabin as I, too, morphed into bat form. Flying just behind her, I followed the vampire/scribe a short distance across town, enjoying the aerial view immensely; as well as the vigorous exercise. In recent years I had all but abandoned my bat form. I vowed to utilize the power more often.

Ricki Elam swooped low over a public park, searching for a suitable location. It wasn’t long before she landed on a grassy bank bordering the town creek. The

spot was fairly secluded, and concealed behind a wall of trees. Perfect for our purposes.

I touched down beside her.

Smoke billowed forth, devouring us as we made the reversal. The short flight had done nothing to diminish my erection. I was harder than a brick.

"Isn't this much better?" she asked.

"Definitely," I told her. "Great idea."

She sat on the grass, assuming the position she had used in my car. I raised her skirt and peeled her panties. Eager to pound her pussy, I mounted with haste.

She felt amazingly tight. I began with a series of hard thrusts, jabbing her cunt with speed and force. Wrapping her legs around my waist, Ricki clawed my back and buttocks as I hammered her in earnest. The verdant grass was a soft carpet beneath our undulating bodies.

I fucked Ricki Elam like this for some time before we decided to change things up.

She assumed the doggy position, lowering her face to the grass while angling her back. I moved behind her, salivating as I stared at her scrumptious rump. Holding her hips, I guided it home, sinking my dick into her pink crevice. She pushed back, urging me to ream her good and proper. I banged her box with everything I had, poking her poon like a hot piston. My balls slapped her ass with each stroke.

"I want to ride you," she uttered between long, low gasps.

Pulling out, I lay on the grass, watching her with anticipation as she turned around and straddled me. She lowered her hips expertly; this while I guided my cock up into her snug chute. Properly impaled, every inch of my rod inside her, she froze for a few seconds, getting mentally focused for what lay ahead.

Thankfully it wasn't long before she rode me with reckless abandon. She slammed her ass down repeatedly. It was quite a sight to behold, watching that fine caboose bounce up and down on my rod. She had an unbridled enthusiasm for reverse cowgirl, an enthusiasm that I appreciated greatly.

"Let me finish you with my mouth," she said.

"Be my guest," I replied.

Ricki Elam climbed off my pogo stick, and proceeded to suck me dry.

The return flight to my car was uneventful. The same could be said of the reading, Q-and-A session, and signing.

An after party was held at a local bar. The two of us got pretty drunk. Then we went back to her hotel room, turned into bats, and balled like crazy.

I had never done it that way.

It was wild, hanging upside down from the ceiling and all . . .

Swim training can be quite the difficult endeavor. Even with the cool water and the hot sun beating upon my skin, it can get very boring. To liven things up I've asked some of my teammates to swim to a lagoon with me for a little skinny dipping. Obviously, they couldn't resist me and we all got a good time out of it.

College After Party

After 4 years of long, hard study, and many hours spent bent over a desk, finally we can say we are real adults. To celebrate our final "coming of age" we are having what might be our last party. Who knows when we'll see each other again? We have to get every bit of pleasure that we can, while we can. So on with this evening as bouncing titties, wet pussies, and stiff cocks await!
